Focus P10 Stand

from Focus Touch

For flexible and easy handling:

- Robust and modern design
- Remote control height adjustment
- Easy to move with flexible wheels
- Optional rotation function
- Wall mounted

Elegant installation system for universal use

The Focus P10 electrical height adjustment unit is suitable for displays up to 87 inches including whiteboards, displays and interactive beamers. Its timeless aluminium design including white or black feet meets modern requirements to perfection. As an option it can be used for displays with additional wings on either side (classic whiteboards, magnetic and writeable).

Remote controlling makes the handling of the Focus P10 stand simple and easy. Optional rotation function from horizontal to vertical enhances its versatile usability to a new level.
